On Good Friday, Mama Julia suffered the pains for the reparations of sins of abortion.  
At the 12th station, she fell down and stopped breathing, and died.

She went straight to Heaven and met God the Father.

God the Father showed her Heaven and the world filled with sins and gave her  
messages.

The message was open to the public yesterday night.

We cried a lot while reading the message. It was beyond our imagination.

Now the message from the God the Father are being translating by Benedict. Lee who  
has been translated all the Naju messages.

But the Message is very very important and difficult to translate and must be most  
accurate. So it will take a few days. We will send you all as soon as it is finished  
completely.

Thank you very much for Our dearest Naju Friends.

With your prayers, love and supports for Naju, you are carrying out the share of the  
work of saving this world, we believe!

Sending Mama Julia's lovely kisses and big hugs you all.

With true love, Agnes & Michaella
